

At Vero Radiology Associates, we are working to deliver imaging services with the highest level of safety for both patients and caregivers during the COVID-19 pandemic. We are operating according to guidelines established by Cleveland Clinic. We are conducting thermal temperature checks and will be asking a series of questions before checking in for an appointment. All visitors and caregiver are required to wear a mask while in the building, visitor restrictions in the building may apply based on current social distancing guidelines.

The visitor guidelines are subject to change based on up- to- date COVID- 19 data and Cleveland Clinic guidelines. These guidelines are being put in place for the safety of our patients, caregivers and community. Thank you for your understanding.
